

07 - 08 October, 2010, Convention Centre, Cotonou, Benin

INTERNATIONAL SYMPOSIUM

Malaria and Human African Trypanosomiasis

INNOVATIVE STRATEGIES FOR THEIR PREVENTION AND CONTROL

Dear Colleagues,

We are pleased to inform you that the international symposium “*Malaria and Human African Trypanosomiasis: Innovative Strategies for their Prevention and Control*» will be held at the Convention Centre (“Palais des Congrès”) on 07, 08 October, 2010, Cotonou, Benin.

The symposium will serve as a forum for discussing the perspectives and priorities in terms of prevention and control of malaria and HAT in Africa. It will also promote exchanges of ideas among Entomologists, Epidemiologists, Parasitologists and Immunologists working on these two major Diseases in Africa. There will be opportunity to promote communication of young scientists emerging from the North and South.

We cast the net wide to include a broad range of audience among influential academic partners (scientists), stakeholders, public health workers and industry to help shape and promote further research on malaria and HAT.

For more information, to register and/or submit an abstract, please go to our website www.symposiumpalutha.org

Registration is free and compulsory. Register early as seats will go quickly – attendance is capped at 300.

We look forward to welcoming you all in Benin for an exciting and productive symposium.

Regards,

The board members:

- Vincent Corbel, Ph.D. (IRD-CREC, Benin) ; Marie Claire Henry, MD, Ph.D. (MAEE-CREC, Benin), Mr Lin Atigli (Assistant)
